Skyline Country Club • 5200 E. Saint Andrews Drive

Support **The Hearth Foundation**, while networking, enjoying lunch and participating in silent auction with great items! This is a great 20th anniversary with the perfect opportunity for our community to come together to support **The Hearth Foundation!**

**The Hearth Foundation** is an all volunteer 501(c)(3) charity made up of REALTORS® and real estate related affiliates. Since 1988, **The Hearth Foundation** has been providing shelters and transitional housing for homeless women with children.

On any given night in Pima County, there are over 500 homeless women with children on the streets. The monies raised through **The Hearth Foundation** will help toward the goal of \$3 Million to build additional shelters and transitional housing over the next couple of years.

**The Hearth Foundation** is reaching out to our community to help us achieve this goal!

While in the shelter and transitional housing, these women and children are given counseling, job training skills, budgeting education, credit counseling and more to prepare them to go back into society and become a vital part of our community. A large percentage of these women are now your neighbors, people you meet daily and well-known leaders in the community of Pima County.

*Please Support **THE HEARTH FOUNDATION** by attending the Founder's Day luncheon and being a sponsor!*
