## Solar Systems:

What every REALTOR® should know  
about leased & owned solar systems

NOVEMBER 8, 2017 | 11:30AM – 1:30PM  
TAR BOARD ROOM

**Tucson Association of REALTORS® Green Committee**

**Presented by:**

**Kevin Koch**

President of Technicians for Sustainability (TFS)

Founded in 2003, Technicians for Sustainability is a locally owned, mission-driven company specializing in renewable energy and sustainable technologies for residential and commercial settings. The company focuses on the installation of high-quality, clean solar electric and solar hot water systems.

Does your new listing have solar panels? Join us for an educational session on residential solar systems as they pertain to your contract.

**LUNCH WILL BE PROVIDED!**
