# March

My regular class schedule for March and April will be suspended in order to offer training classes in flexmls™.

**Flex Demo classes** will give you a broad overview of the system in a 90 minute session. They are *not* hands-on and will be presented in the TAR Main Conference Center. **Hands-on training classes** will be available starting in April. Registration for hands-on classes will be available in late February.

In order to assure that everyone has an opportunity to attend, classes will be offered days and in limited evening and weekend sessions (noted in red).

*During March and April, you will also have access to the Rapattoni system.*

*Online registration is not required. Please attend any classes that you wish.*
