---

ZipForm is free to you as a member of Arizona Association of REALTORS®. To obtain and register your copy, you will go to the AAR website at [www.aaronline.com/ZipForm](http://www.aaronline.com/ZipForm).

**The video will show you how to download the Standard (desktop) version and how to register for the Professional (online) version.**

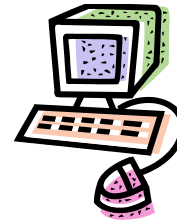

*NOTE: This screen changes from time to time.*

# ZipForm Versions

There are two versions of ZipForm that you will be getting from AAR

- **ZipForm Standard**

- Downloaded and installed on your computer
- No Internet connection is required to run the program
- Occasional form library updates are required

- **ZipForm Professional**

- Available through your Internet browser
- Can only be accessed through the Internet
- No library updates are required by the user
- Transactions are available from any computer

# Download and Install

I recommend downloading and installing ZipForm Standard as well as registering ZipForm Professional.

You should save the ZipForm Standard installation file to your computer (or a flash drive or CD) and then run it to install.

Saving the file will allow you to install it on multiple computers without having to return to the AAR site.

# ZipForm Professional

ZipForm Professional is the Online version of the ZipForm program. You will set up a Username and Password when setting up ZipForm.

You will login to ZipForm Professional at [www.zipformonline.com](http://www.zipformonline.com)

# Updating Java

ZipForm (both versions) uses the Java program platform in order to run. Upon installation, you may need to update Java on your computer to the latest version. You will receive a message prompting you to do so.

# Questions or Problems

Since ZipForm is made available to you through AAR, support is only available through those agencies

- AAR
  - (602) 248-7787 or (800) 426-7274
  - [ZipForm@aaronline.com](mailto:ZipForm@aaronline.com)
- ZipForm Technical Support
  - (800) 383-9805
  - <http://support.zipform.com>

# ZipForm Training at TAR

- **Using ZipForm**

- TAR Main Conference Center
- 3 hours of Contract Law CE credits
- Not a hands-on class
- Recommended for members who do not currently use or who need to obtain the program(s)

- **ZipForm Intermediate**

- TAR Computer Training Center
- Hands-on training and practice
- Students **MUST** have an active ZipForm Professional account
- Recommended for members who currently use ZipForm Professional and would like additional training and practice

*These classes will alternate each month. Check the Calendar of Events for the next available class.*
