## October 2004 Residential Home Sales

The Tucson Association of REALTORS® Multiple Listing Service, Inc. reports that October, 2004's total home sales volume increased 25.2% from last year's \$218,531,466 to \$273,555,472, while home sales units increased by 10.4% from the 1,173 units sold in October, 2003, to 1,295 units sold in October, 2004. October's average sale price for all residential types shows an increase of 13.4% from last year's \$186,301 to \$211,240 in 2004. The median sale price, the price at which half the homes were sold above and half below, increased 8.3% from 2003's \$150,000 to \$162,500, in October, 2004. The average sale price for Single Family Residences was \$223,065 in October, 2004, compared with \$198,212 in October, 2003, resulting in a 12.5% increase.

Average days on market decreased to 41 in October, 2004 compared to 56 in October, 2003, with 58.2% of all closed listings selling in the first 30 days on the market. Pending contracts, those transactions subject to contract but not yet closed escrow, increased by 23.2% from 1,414 in October, 2003, to 1,742 in October, 2004. The 3,838 active listings in October, 2004, were 20.4% under the 4,821 in October, 2003, and the 1,750 listings added during October, 2004, decreased by 8.4% from the 1,910 listings added in October, 2003.

"We have seen a slight seasonal slow down in closed home sales," said Judy Lowe, President of the Tucson Association of REALTORS® Multiple Listing Service. "However, we are still 10.4% ahead of October, 2003. This active sales market is impacting our listing inventory, which shows 3,838 active listings- a 20.4% decline from the same month in 2003. All forecasts support the Tucson real estate market remaining strong in 2005."
